

MBANAHIA DAVID KELECHI

Port Harcourt, Rivers State, Nigeria | 08145746723 | mbanahiad@gmail.com

CAREER OBJECTIVE

I am a hardworking and adaptable young professional with experience across web development, computer operations, and financial trading. I enjoy learning new things, taking on responsibilities, and putting in the effort to do a job well. In the short term, I am open to full-time employment where I can grow, contribute, and add real value to a team. My long-term goal is to build and grow my own business to an international level.

SKILLS

Computer	Typing, printing, photocopying, document formatting, Microsoft Office
Web Dev	PHP, WordPress, HTML5, CSS3, JavaScript, MySQL, landing pages, responsive design
Design	Canva, basic graphic design for print and digital
Trading	Forex trading, signal analysis, risk management, market research
Tools	VS Code, cPanel, web hosting, Google Workspace
Soft Skills	Communication, time management, client relations, problem-solving, self-motivated

WORK EXPERIENCE

Computer Operator 2023 – 2025
Cyber Cafe — Port Harcourt

- Assisted customers with typing, document formatting, printing, and photocopying on a daily basis.
- Handled graphic design requests using Canva, producing flyers, certificates, and other printed materials.
- Managed customer flow, maintained equipment, and ensured smooth day-to-day operations of the office.
- Developed strong communication skills and the ability to work efficiently under pressure.

Forex Trader 2024 – Present
Fortune Marketers — Independent

- Actively trading the forex market, applying technical analysis, signal interpretation, and disciplined risk management.
- Partnering with Fortune Marketers, a forex signals community, to develop skills and stay current with market trends.
- Continuously learning trading strategies and financial market behaviour to improve consistency and results.

Freelance Web Developer 2024 – Present
Self-Employed

- Design and develop websites for clients, handling both frontend and backend from start to finish.
- Built Gobolchain Network — a blockchain platform for a startup founder, featuring user login, tokenomics, roadmap, and whitepaper.
- Built Fortune Marketers website — a clean business site for a forex signals community, including service sections and testimonials.
- Managed full project lifecycles independently — from client brief through to deployment and post-launch support.
- Maintained 100% client satisfaction across all completed projects.
